Its ended, its ended, its ended â€

summer came but passed away
didn't seem the time of day
but its ended â€ 'and what can I do'

music hearing in the air
silence of the darker day
but its ended â€ 'and nowt I can do'

its ended, its ended, its ended,
its all ended now
and the way I look, it don't even mean I'm down
its ended
when I kick out at the TV
and the video's set for nine
and there's nothing much I can do
feeling down down down its all ended
feeling down down down!

Looking over parted days
searching for the righteous ways
cause its ended, but of course â€ 'what more can I do'

looking for that distant shore (distant shore)
who would say I'm wanting more
its all ended its all ended â€ 'and thers nowt I can do'

its ended its ended its ended its all ended now
and the way I look
don't even mean I'm down
its ended, its ended
when I dream of the past
and I hoped it would last
and there's nothing you can speak of
feeling down down down
its ended, feeling down down down

(Piano Solo)

its ended its ended it has ended

its all ended 'and what can I do'
its ended its ended its all ended

Oh its ended, its ended
don't shed a tear for me
its ended
don't spread a tear
although its ended!
