I know, I shouldn't still like you, or trust you
they tell me that.

And if I didn't notice, then I wasn't worth it,
what's the point in that.

I promise I'm not trying to make things much harder,
or go back to how we were.

Chorus:

Cause I want the best for us both
even if that means, I still want you
There will be memories within my head,
Who do you like, I wish it was me

You know, that you left to much mess and disturbance,
to return to me

And you caused nothing but hurtness,
you cant understand why I'm not talking to you.
And you live by the rules that we're over,
I just cant believe were through.

Chorus:

Cause I want the best for us both
Even if that means, I will miss you
There will be memories within my head,
Who do you like, I know its not me.

And when we meet, cause you know we will
my life is through, with you know who
I let it last, and leave the past, cause we both know
you've moved on

Chorus:

Cause you want the best for yourself
even if this means, you still like him
there will be memories within my head
who do you like, I hope its not me

Cause I want the best for us both
even if that means I've found someone
there were memories within my head
who I like, you its not you.
