Girls mostly come and go
He's thinking of her
But he's seeing other girls
His emotions are blurred
The time has come
He thinks he won
And I'm the one who dares to ask
Don't you think I'm the one
Who will run
Do you know what I feel like
On my own
I'll find someone new... (for you)

Ring Ring, goes my mobile phone
And on the screen is a name you know
Could I help him, find him, someone to call his own

Who is just right for him
Who's moving on
Not seeing other guys
And knows I'm gone
She can't be old
Or neither cold
And so do I need someone
Don't you think that I'm to kind
In what I've done
Do you think that he would mind
What I have done
I've found someone new... (for you)

Ring Ring, goes my mobile phone
And on the screen is a name you know
Could I help him, find him, someone to call his own

Believe me!
He's found someone on his own
Phoning me,
All day
No-way
Today

Ring Ring, goes my mobile phone

And on the screen is a name you know
Could I help him, find him, someone to call his own
Ring Ring, goes my mobile phone
And on the screen is a name you know
Could I help him, find him, someone to call his own
Ring Ring, goes my mobile phone
And on the screen is a name you know
Could I help him, find him, someone to call his own (till
fade)
