a teenage girl and a teenage boy
decided to have sex in a school
they did it in the store cupboard
where they got caught by the headmaster
I want to know, I really want to know
theses teenage ways are all messed up

the teenage boy and teenage girl
went and had a stroll in the park
and even though it was like really dark
they still ended up having a fâ'ing twirl
I want to know, I really want to know
theses teenage ways are all messed up
oh rite!
