I'm so alone  
I don't have no home  
So when you gonna bring your sweet love  
On home to me

Red mary come from the ground  
She take away everything  
She make everybody feel high  
She let me down

I said hooo nanana etc.

Well you can live you life except for the bomb  
When you feel that nothings wrong  
And tell the ones you love they should  
Stop giving you nicknames  
Like fanny or lenny  
So you got a lot of problems to work out, man  
Let me tell you, I've read this book before  
And in the end the good guys die  
So get up, get up  
Get out of you chair  
Hold your head up high  
And cut your hair  
I know what your thinking but you just have to do it  
Whatever makes you happy get right to it

So you think you've really got it made  
Don't you understand that there is much more at stake  
How long do you think you can live like this?

Well there is only one thing left to do  
Step back, reflect and think things through  
Compare yourself to me, I'm just like you

[Chorus]

Days come in on me  
Like monsters of my drug abuse  
And all I wanna do is have  
Some fun

Well I'm walking down the streets of life  
I don't know where to go  
Which way do I turn I don't really know  
Mass confusion fills my mind and everything hurts

Days come in on me  
Like monsters of my drug abuse  
And all I wanna do is have  
Some fun
