Welcome to the apocalypse
Welcome to the end
See the angles lining up
Preparing to make their decent

The sky is falling, hells gate is calling
On which list are you my friend
Women are crying and children are dying
And it's not through yet

I hope you've made your peace
The bell it tolls for you
You'll plead here for your life
Before the day is through
Begging for your god
The same that you'd ignored
Gaze upon your destiny
Your body is torn apart

Welcome to the apocalypse
Welcome to the end
See the angles lining up
Preparing to make their decent

The sky is falling, hells gate is calling
On which list are you my friend
Women are crying and children are dying
And it's not through yet

I hope you've made your peace
The bell it tolls for you
You'll plead here for your life
Before the day is through
Begging for your god
The same that you'd ignored
Gaze upon your destiny
Your body is torn apart

March on they march on
Dance for me
Dance for me fire
We'll watch it burn

Dance for me
Dance for me fire
We'll watch it burn
Dance for me
Dance for me fire
We'll watch it burn
Dance for me
Dance for me fire
We'll watch it burn
