Not so smart now
Now that you're on the ground
Bet you wish you'd thought a little longer
Now that it's come around

You've done nothing for me
Unless to help yourself
You've screwed me for the last time
I'll send you straight to hell
I guess you felt you were hot shit
Where are your answers now?
Did you really think you'd get away
With trying to tear me down

Not a single thing has ever been said that has gotten
back to me
And I know every friend who's ever stabbed my back
and their time will come too see
You never saw this coming with all you think you know
There were no secrets just bided time, until the night of
the rope

You've done nothing for me
Unless to help yourself
You've screwed me for the last time
I'll send you straight to hell
I guess you felt you were hot shit
Where are your answers now?
Did you really think you'd get away
With trying to tear me down

Not a single thing has ever been said that has gotten
back to me
And I know every friend who's ever stabbed my back
and their time will come too see
You never saw this coming with all you think you know
There were no secrets just bided time, until the night of
the rope

Keep your doors locked buddy
Night of the rope
Keep an eye open honey

Night of the rope
Keep your doors locked buddy
Night of the rope
Keep an eye open honey
Night of the rope

NIGHT OF THE ROPE, YOUR TIME HAS COME, NIGHT OF
THE ROPE
NIGHT OF THE ROPE, YOUR TIME HAS COME, NIGHT OF
THE ROPE
