Your lips drag past my finger tips  
As I feed you candy in the car  
And you'll hold my hand for just so long

Until you think it's gone too far  
And this will be our wedding song  
Show me slutty girls you like to draw  
And I know where this is headed  
You'll change your mind again  
But I'll take two months to life with out

And I wait on nothing promised  
And you won't ask me to stay  
I bite my bleeding lip  
Please don't get scared away  
And I wait on nothing promised  
And you won't ask me to stay  
I bite my bleeding lip

And we'll sing the songs together  
Just as we're driving home  
Just loud enough for me to hear  
And you'll look for shoes for house  
And I'll lean to smell you're hair  
No place I'd rather be that here

And I wait on nothing promised  
And you won't ask me to stay  
I bite my bleeding lip  
Please don't get scared away  
And I wait on nothing promised  
And you won't ask me to stay  
I bite my bleeding lip

I wait here for nothing  
I wait here for anything  
I wait here for nothing  
I wait here for anything  
I wait here for nothing  
I wait here for anything

Please just five minutes more

Please just five minutes more  
Please just five minutes more  
Please just five minutes more
