The end  
The union of the father and the wayward son  
Atop the sister peaks above the valley, Agamemnon  
Under angels  
Above the lightless fallen stars  
A pale cloaked rider  
Circles to his call  
With the countless counted  
Lost in confusion  
Await the harvest hour  
Await the son  
The falling answers  
Clarity as a flood  
The weeping liars  
Creation undone  
Revelation  
As was told all along  
The facing gates swing open  
And drag their children home  
So far from mercy  
Pay the boatmens toll  
As we see the lightbringer has reclaimed his sword

They await the harvest hour  
They await the descent

All I have and all I know

And it comes back to me, like a child's dream  
All so familiar for things I've never seen
