Behold godless soul
Wrought of hate for a sinners toll
Awash in flesh and greed I bow
A thousands days in numbing cold
Poisoned lips and poisoned cups
Hidden knives and worthless fucks
A dance of death
And end of days
I worship none
None more than pain
Through a pit of blades I stray, regret now blacks the
light of days of younger flesh and younger hearts
Where faith in time and youth still sparked the will to
leave the house each day.
I saw my path but chose to stray
And now I crawl on back and say I've seen my heart
and youth decay.

I'm broken
And I hope to die alone
I've been failed by every hero I've held
I've called a burning house a home
I'm dying and it's no ones fault but my own
I've chose to burn to this body and mind
This hellbound heart I'll own

Help me I'm in hell, among the lost to life I dwell
Demons tear and shred this soul
As walking death infects the world I know

I'm unburied
But fucking dead.
