How did we both end up here
When there was nothing I was feared
We used to talk and laugh all night
Now all we do is fight
Everytime I come back home
I can't help feel I don't belong
It's like you're always in the right
And I'm always in the wrong

I said hey there's nothing left to say
Hey lost our way you said hey
As I take the pain I said hey this isn't love
I said hey there's nothing left to say hey
Like I said I said hey shouldn't be this way I said hey
This isn't love

I never thought we'd come at this
I feel a tear run down my lip
hold you close for the last time
and kissed the final kiss
still my heart is broke in two
but there's just nothing I can do
ya see I know you don't want me
the way that I want you
