Look at yourself
You can't even get to sleep
Boy you love your wealth
You bow down to your money
You got what you want, but it won't get you far
Was it what you thought? You forgot who you are
Your wife has left you and you don't see your kid
Now get on your knees you know who your God is

Your god is money
So bow down to it
You act so funny
Just look at yourself
You've lost your family
Your friends all use you
You can't buy happiness, so
Get down on your knees
Bow down
Look at yourself
Your ticket to hell was free
To everyone else
You look like your livin a dream
Addictions have left you in your own gutter
You can't buy your way out of this hell on earth

Were your dreams what you always thought they'd be?
