Forget all the rules
Forget everything
You took my name out of schools
I'll take back my blessings
How can I bless the things I don't believe in?
Isn't right
Remember who's planet it is
Mine

You hate
You're fake
You take
Away from me
Lie
Don't try to
Make things right
Earthquakes
Will shake
To wake
You Up again
Cry
Ask why
I Don't protect your nation now

My rain is pouring down
You're welcome to drink
Just follow your heart
And try not to think
I'll relieve you from gut wrenching torture
In your soul
But first you'll have to die to yourself

You'll be so
Sorry then
You'll wish you were
Forgiven Quakin
Shakin Earthquakin

Buildings are crashing down
Just look around and see

If you don't get a grip you will soon be dead
