[CHORUS]

That's how much
Uh huh, uh huh, uh huh
That's how much
Yeah, yeah, yeah
That's how much
I love you
(Yeah, I love you)

Pick a number from one to ten
Double it and add a million

[Repeat CHORUS]

Count the miles from here to Mars
Triple it and add a trillion

[Repeat CHORUS]

Although I'm not a mathematical genius
At least I know the score
Who cares how far to Venus
When you live right next door

Oh, count the pebbles on every beach
Triple it and add a trillion

[Repeat CHORUS]

Who cares how far to Venus
When you live right next door

[Repeat CHORUS]

Who cares how far to Venus
When you live right next door
(Yeah, yeah, yeah)
(Right next door)

Count the pebbles on every beach
Triple it and add a trillion

[Repeat CHORUS 2x]
