I see I gotta be heading for pain
I see a broken heart wearing my name
You're handing me, sure as stars up above
Warmed over kisses, left over love

You got another love you're running to
You been a cheating in some rendezvous
You're handing me, sure as stars up above
Warmed over kisses, left over love

You say that I'm the only one
Oh, how I want it to be
But when I kiss your pretty lips
You got nothing left for me

You gotta wanna be breaking my heart
I know we gotta be drifting apart
You're handing me, sure as stars up above
Warmed over kisses, left over love

You're handing me, sure as stars up above
Warmed over kisses, left over love
