When you were young and on your own  
How did it feel to be alone?  
I was always thinking of games that we could play at  
Trying to make the best of my time

But only love can break your heart  
Try to be sure right from the start  
Yes, only love can break your heart  
What if your world should fall apart?

I have a friend I've never seen  
He hides his head inside a dream  
Someone should call him and see if he can come out  
And try to lose the down that he's found

But only love can break your heart  
Try to be sure right from the start  
Yes only love can break your heart  
What if your world should fall apart?

I have a friend I've never seen  
He hides his head inside a dream  
Someone should call him and see if he can come out  
Try to lose the down that he's found

But only love can break your heart  
Try to be sure right from the start  
Yes only love can break your heart  
What if your world should fall apart?  
Yes only love can break your heart  
Yes only love can break your heart

Only love can break your heart  
Only love can break your heart
