And if you listen now
You might hear
A new sound coming in
As the old one disappears
See the world in just one grain of sand
You'd better take a closer look
Don't let it slip right through your hands
Won't you please hear the call
The world says

Put the message in the box
Put the box into the car
Drive the car around the world
Until you get heard?

And now is the moment
Please understand
The road is wide open
To the heart of every man
A few simple words
That he could understand
He don't want tomorrow
If it's crumbling into sand
Won't you please hear the call
And the world says

Put the message in the box
Put the box into the car
Drive the car around the world
Until you get heard

And the world says
Give a little bit
Give a little bit of your love to me
'Cause I'm waiting here with my open arms
She says
Give a little bit
Give a little bit of your soul to me
'Cause I'm waiting to behold your many charms
Is that love in the air
And the world says

Put the message in the box
Put the box into the car
Drive the car around the world
Until you get heard
