Take the time to feel the sunshine  
On your face  
The touch, the taste and then  
It will be clear,  
The reason we are here  
Find the one you love, go out into  
The world, a boy, a girl, and when  
You hold them near  
That's the reason we are here

Here comes tomorrow so learn  
From yesterday  
Live for this moment then  
Let it slip away

'Cause we are born to shine but  
We get caught up in the race  
The time, the place, the worry  
And the fear  
Is that the reason we are here?

Here comes tomorrow so learn  
From yesterday  
Live for this moment then let it  
Slip away

Take the time to feel the sunshine  
On your face  
Oh what a waste to let it disappear  
'Cause that's the reason we are here  
Don't let it disappear  
'Cause that's the reason we are here?
