I lie awake so often at night
With something to read or something to write
In the silence my mind is free
To think of the ways that God has blessed me

It's easy to see
How He's been so kind
Any proof I might need
Is right here by my side

You are the grace of my life
So tender so undeserved
Hard to believe you're my wife
Even harder to put what I feel into words

If I need evidence, God is good
Just looking at you is enough
You are the grace of my life
For you grace my life with your love

Love that is pure so faithful and strong
You forgive me when I do you wrong
I've seen you, yeah, time after time
A picture on earth of love so divine

Oh, I am amazed
For how can it be
That someone like you
Would love someone like me

You are the grace of my life
So tender so undeserved
Hard to believe you're my wife
Even harder to put what I feel into words

If I need evidence, God is good
Just looking at you is enough
You are the grace of my life
For you grace my life with your love

Oh, you are the grace of my life
For you grace my life with your love
