Woah, everything I do I do for you, oh yeah

We touch  
And you're afraid of me and we burn  
And now I'm at your feet, high speed  
But you know you're in safe hands

In the dark  
We make a brighter light from one spark  
To the horizon wide we trust  
And together we tame the land, yeah

Ooh you'd be forgiven if you think you're dreaming  
But we're working night and day  
To make a dream come true, yeah  
Everything I do is driven by you

Oh well it's tough  
To make a journey through the right stuff  
Is dead ahead of you and me  
And you know we've still got time

Hold on tight  
To the driving wheel and this ride  
Is really out of line, raw deal  
But there's no other that's worth a dime

You know I love you but you drive me crazy  
'Cos you're saying all the things I want to say to you  
You say, everything I do is driven by you

Everything we do, everything we do  
Everything we do, everything we do  
Everything we do is driven by you

And inner children lost their way  
Now they know the price you pay  
I'm holding on to life with you  
'Cos life without you just won't do

Driven by you

Oh you know we're never going to know who's  
dreaming  
But we're working night and day  
To make a dream come true, yeah  
Everything I do is driven by you

Everything we do, everything we do  
Everything we do, everything we do  
Everything we do, everything we do  
Everything we do, everything we do  
Everything we do is driven by  
Driven by, driven by you

Ooh everything I do, I do for you
