Yeah Nice and gentle  
Oh I been sleeping I been hiding Beat my head against  
the wall I been crying just from staring At the shame of it  
all  
Let me out Let me out of here We can fly away tonight  
no-one will know We can fly away tonight no-one will  
know No-one will know - that's right  
Really talking soon be laughing It's a brand new world  
out there I'm dreaming it don't matter I can feel that  
fresh air  
Let me out - let me out Let me out of here We can fly  
away tonight no-one will know We can fly away tonight  
no-one will know Nobody will know  
All our souls on fire  
Well I've been waking news is breaking There's a world  
outside my door We can take it we can make it And I  
won't ask for more  
Let me out - yeah Let me out of here We can fly away  
tonight no-one will know We can fly away tonight no-one  
will know Not till tomorrow anyway Then we can be miles  
away Let me out baby

Help me Edward  
Don't be grieving don't be pouting Give yourself a  
holiday Say you're leaving Sunday driving Pack your  
bags up and shout  
Let me out - shout it out Let me out of here We can fly  
away tonight no-one will know We can fly away tonight  
no-one will know  
Let me out baby  
Taken From The Album "STAR FLEET PROJECT"
