(Brian May)

Here I stand (here I stand...)

Look around around around around

(Around around around around...)

But you won't see me (you won't see me...)

Now I'm here (now I'm here...)

Now I'm there (now I'm there...)

I'm just a just a new man

Yes you made me live again

A baby I was when you took my hand

And the light of the night burned bright

And the people all stared didn't understand

But you knew my name on sight

Whatever came of you and me?

America's new bride to be

Don't worry baby I'm safe and sound

Down in the dungeon just Peaches and me

Don't I love her so?

Yes she made me live again Yeah!

A thin moon me in the smoke screen sky

Where the beams of your love light chase

Don't move don't speak don't feel no pain

With the rain running down my face

Your matches still light up the sky

And many a tear lives on in my eye

Down in the city just Hoople and me

Don't I love him so don't I love him so?

Whatever comes of you and me

I love to leave my memories with you

Now I'm here (now I'm here.)

Think I'll stay around around around

(Around around around around...)

Down in the city just you and me

(Down in the city just you and me...)

Don't I love you so?
