Sometimes a short-term plan is enough,
Life has a way of messing things up
Living by someone else's rules is tough

When I like getting down, down
Hanging with the crowd, crowd
Play my music loud, loud
Like to live it loud, loud
Nothing gets me down, down
When I'm with my crowd, crowd
We like living loud, loud
We like getting loud, loud, loud, loud

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party
Show the world you don't care
Let them all stop and stare
Make them wish they were here
Use your body

If you feelin' (?)
And you're lovin' the beat, beat
Go get yourself a drink, drink
And come party with me, me
Come party with me
Get yourself (?)
Come party with me, yeah

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party

Everybody come party with me
Come party with me
Come party with me
Yeah

I came here to find myself tonight

Got lost in the beat, got lost in the vibe

I like getting down, down
Hanging with the crowd, crowd
Play my music loud, loud
Like to live it loud, loud
Nothing gets me down, down
When I'm with my crowd, crowd
We like living loud, loud
We like getting loud, loud, loud, loud

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party
Show the world you don't care
Let them all stop and stare
Make them wish they were here
Use your body

If you feelin' (?)
And you're lovin' the beat, beat
Go get yourself a drink, drink
And come party with me, me
Come party with me
Get yourself (?)
Come party with me, yeah

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party

Let's start this party off right
I ain't looking for love
I just wanna see you move your body nice
We're getting crazy tonight
Mama, not thinking about my girl tonight
That's right I'm by myself
I'ma get wasted and hit the floor despite
What a woman got to say about what I do,
What I'm doing, how I'm doing
Ain't nothing to it
Like Nike "Just do it" I'm doing my own thing
So don't you try to sue it up
Party lights, loud music, yeah I'm moving up,
Grooving up, tell that girl to loosen that toodida
Make it pop, let it drop, make it smooth enough
Girl I'll clean it up sharp like a barber does
I ain't looking for love

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party
Show the world you don't care
Let them all stop and stare
Make them wish they were here
Use your body

If you feelin' (?)
And you're lovin' the beat, beat
Go get yourself a drink, drink
And come party with me, me
Come party with me
Get yourself (?)
Come party with me, yeah

So put your hands in the air
If you ain't looking for love
If you're just here to have fun
It's a party

Everybody come party with me
Come party with me
Come party with me
Yeah
Yeah
