Pulled into a plastic world  
Stupid and vulnerable  
I wonder  
Was it just a passing phase?  
Full sets of happiness  
Held through the skies and mist  
But I was  
Drifting into a daze  
A hell broke through the heavens  
It woke me up  
It really shook me up

Stand in line  
As I turn it around now  
Don't waste time  
Cause' you're holding me up now  
Hold doors rolled open  
So I plane in a hole in the sky

I should expect to fall  
Climbing up a slippery wall  
Will I ever  
Get to see the other side  
Funny how I got great skies  
Where they see me through another's eyes  
Disappearing  
On an endless ride  
I stumble

On Jacob's ladder  
And It woke me up  
Then took me up

Stand in line  
as I turn it around now  
Don't waste time  
Cause you're holding me up now  
Hold doors rolled open  
So I plane in a hole in the sky

So take a final look at me  
Before I change my style

I don't know which way to turn  
It might take a while  
On this endless mile  
Oh woo hoo

Stand in line  
As I turn it around now  
Don't waste time  
Cause' you're holding me up now  
Hold doors rolled open  
To a plane in a hole in the sky
