You say your sorry but you don't cry,  
There you call with your head held high,  
Play the angel with the broken wings,  
Push my button and pull my strings.

You keep talking me round, You keep talking me round,  
Leave me senseless,  
You put words in my mouth, You put words in my  
mouth,  
'Till im defenceless.

My first mistake was loving you,  
My worst mistake was giving you a second chance,  
Cause you tore me up and you called it love,  
You made a fool out of me,  
My last mistake was thinking I won't make the same  
mistake again.

Some people learn but they never live,  
Lost the fight so they just forgive,  
You see me reaching through an open flame,  
I feel alive when im burnt again.

You keep dragging me down, You keep dragging me  
down,  
Im drowning in you,  
There's no hope for me now, There's no hope for me  
now,

I should of walked away.

My first mistake was loving you,  
My worst mistake was giving you a second chance,  
Cause you tore me up and you called it love,  
You made a fool out of me,  
My last mistake was thinking I won't make the same  
mistake again.

You say your sorry but you don't cry,  
There you call with your head held high.

My first mistake was loving you,

My worst mistake was giving you a second chance,  
Cause you tore me up and you called it love,  
You made a fool out of me,  
My first mistake was loving you,  
My worst mistake was giving you a second chance,  
Cause you tore me up and you called it love,  
You made a fool out of me,  
My last mistake was thinking I won't make the same  
mistake again.
