Sitting here tryna figure it out  
Just what I should sing to you  
So many things going through my head  
But all I can see is you  
Never been quite good at this  
You know I tried so hard  
You fall asleep watching Will and Grace  
And you wake up in my arms

Don't go, don't go, don't go

I wrap my arms around you,  
I wrap my arms around you,  
And I will run 'til I've found you  
I wrap my arms around you

I try to make a life for us  
Maybe with this guitar  
The first time I ever sung to you  
You never laughed so hard  
You know you look so beautiful  
Standing in your dress  
I try and show of all my moves  
But you know that I don't dance

Don't go, don't go, don't go

I wrap my arms around you,  
I wrap my arms around you,  
And now I'll run 'til I've found you,  
I wrap my arms around you

Whoa whoa whoa whoa [x2]

Sit back we watched our lives  
You know we've had the best time  
I'm so happy just lying here

I wrap my arms around you,  
I wrap my arms around you,  
I wrap my arms around you

I told you I would be with you  
Told you I would stay with you  
I'll never let you go  
And and I'll never let you get away  
I wrap my arms

I told you I would be with you  
Told you I would stay with you  
I'll never let you go  
And and I'll never let you get away  
I wrap my arms

I wrap my arms around you,  
I wrap my arms around you.
