(Verse)

Iâ€™m so glad that weâ€™ve had this time together
On my radio and right on my TV
Thereâ€™s no predicting the shortness of forever
And why the plan is always difficult to see
â€™Cause you were taken so unexpectedly

(Chorus)

Another day, another hour
Another chance to see you wasnâ€™t meant to be
Another moment, another second
If I could tell you just how much you mean to me
I wish I could tell you just how much you mean to me

(Verse)

Have no choice but to wallow in my sorrow
For just a moment we are here and then weâ€™re gone
I guess I thought that weâ€™d always have tomorrow
But the magic in your music lingers on
I just wish that you were here to sing along

(Chorus)

Another day, another hour
Another chance to see you wasnâ€™t meant to be
Another moment, another second
If I could tell you just how much you mean to me
I wish I could tell you just how much you mean to me

(Bridge)

So many questions but no answers why
I wished I had the chance to say goodbye

(Chorus)

Another day, another hour
Another chance to see you wasnâ€™t meant to be
Another moment, another second
I would tell you just how much you meant to me
I would tell you just how much you mean to me
I wish I could tell you just how much you mean to me
