Oh little boy, asleep in my arms tonight
Under the stars so bright
King of Kings
What tidings of comfort and joy He brings

Son of man from Heaven above, You fell
Jehovah Emanuel
Upon a midnight clear
I feel the love

It must be love
It's got to be His love
It must be His love
That brought You here

Because of His love that's why you're here
To give us hope for tomorrow
To take away the sorrow and fear
To wipe away the tears and love because of His love

Special one, Who came to set all men free
Now all Heaven and earth will sing
Behold the newborn King
It's all because of His love

It must be love
Got to be His love
It could only be His love
That brought You here

Because of His love, that's why you're here
To give us hope for tomorrow
To take away the sorrow and fear
To wipe away the tears and love because of His love

Oh, close to my heart, I hold the sleeping savior
He came to chase all the darkness away
If there might be things, I don't understand
I'll just keep holding on to Your hand

Because of His love, that's why you're here
To give us hope for tomorrow

To take away the sorrow and fear
To wipe away the tears and love because of His

Because of His love, that's why you're here
To give us hope for tomorrow
To take away the sorrow and fear
To wipe away the tears and love because of His

Because of His love, that's why you're here
To give us hope for tomorrow
To take away the sorrow and fear
To wipe away the tears and love because of His love
