When I'm all alone at night  
I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart  
You're all I ever think about  
All I ever dream about  
Can you read my mind?  
Can you read my mind?

When I look at you  
I probably should go  
'Cause I wanna be with you  
More than you'll ever know  
Hmm, for a taste of you  
I could be my desire  
Baby, you blow my mind  
You light my fire, oooh

I want you  
(Yeah)  
Need you  
(Yeah)  
Can't live without you  
(Yeah, yeah, yeah)

When I'm all alone at night  
I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart  
You're all I ever think about  
(Yeah, yeah, yeah)  
All I ever dream about  
(Yeah, yeah, yeah)  
Can you read my mind?  
(Can you read my mind?)  
Can you read my mind?

Is it the way I feel?  
The curiosity or the things you do  
That bring out the lust in me  
The thought of me and you  
Drive me wild

Come close to me  
Can you stay a while, ohh?

Hold you  
(Yeah)  
Need you  
(Yeah)  
Can't live without you  
(Yeah yeah yeah)

When I'm all alone at night  
I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart  
(Apart)  
You're all I ever think about  
(Yeah, yeah, yeah)  
All I ever dream about  
(Oh yeah)  
Can you read my mind?  
(Can you read my mind?)  
Can you read my mind?  
(Yeah)

When I'm all alone at night  
I can hear the beating on your heart  
I should tell you and I might  
Before you tear me apart  
(Apart)  
You're all I ever think about  
All I ever dream about  
(Can you read my mind?)  
Can you read my mind?  
(Can you read my mind?)  
Can you read my mind?  
(Yeah)

Hold you  
Need you  
Can't live without you

When I'm all alone at night  
I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart  
You're all I ever think about  
All I ever dream about  
Can you read my mind?  
Can you read my mind?

When I'm all alone at night

I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart  
You're all I ever think about  
All I ever dream about  
Can you read my mind?  
Can you read my mind?

When I'm all alone at night  
I can hear the beating of your heart  
I should tell you and I might  
Before you tear me apart
