Irresistible  
Nothing like I've ever known  
I give you my time  
I give you all my all  
I give you my money  
Girl you're so incredible  
Nothin' like I've ever seen  
I give you what you want  
You give me what I need  
Girl it's funny

You got the thing I feen for  
You've got me wanting more  
You've got me so wide open  
Don't tease me girl  
Can we  
All the freaky stuff you do  
I can't get enough of you  
Wait till I get home  
Get you alone  
Hard to stay away from you  
I just want to play with you  
Baby all I know is I can't leave you alone

Don't come around here, legs cocked in the air  
If you ain't tryin' to toss it up girl  
I'ma tell you what I want  
Real plain, real work  
Throw it back  
I ain't lost my touch girl  
Betcha man can't do it like that  
When I'm attackin the back  
That's packin a lot

Girl it's unbelievable  
Never thought I'd be this way  
Whenever we're apart, don't know where to start  
Tryin' to catch feelings  
Doing things I never do  
Sayin' things I never say  
The code to my safe  
The key to my crib

Got me on the ceilin

You got the thing I feen for  
You've got me wanting more  
You've got me so wide open  
Don't tease me girl  
Can we  
All the freaky stuff you do  
I can't get enough of you  
Wait till I get home  
Get you alone  
Hard to stay away from you  
I just want to play with you  
Baby all I know is I can't leave you alone

Can't leave you alone  
Can't leave you alone  
Baby all I know is  
I can't leave you alone

Look Girl  
Little kiss no slip  
Just slippin in and out of your room  
And press that  
Slippin in and out of your womb  
I might just  
Pull it out there  
Put it right back  
Nevermind that  
Whatchu like eh  
Get busy like I'm stayin for the night  
Get it goin' with the lights  
Now nigga goin'  
If I stop you may get to steppin with a man  
And nah I ain't braggin  
But sometimes you can throw your thing in the air  
And it'll turn into sunshine  
The punchline  
That's all I need  
In back of the lunchline  
Lay your cards  
You could stunt right  
Might as well let me hop right

You got that thing  
You got me wanting more  
You've got me so wide open  
Don't tease me girl  
Can we  
All the freaky stuff you do  
I can't get enough of you

Wait till I get home  
Get you alone  
Hard to stay away from you  
I just want to play with you  
Baby all I know is I can't leave you alone  
Can't leave you alone  
Can't leave you alone  
Baby all I know is  
I can't leave you alone  
Hard to stay away from you  
I just want to play with you  
Baby all I know is I can't leave you alone  
Can't leave you alone  
Can't leave you alone  
Baby all I know is  
I can't leave you alone
