Took some time to come around

Realize how I let you down

Been to late for sorry now

My pride got in the way

Yes it did

I thought I had it all figured out

I needed time away to work it out

And now that I've learned what it's all about

And all I need is you in my life

Chorus:

So I'm coming back home

Home, where love is waiting for me

Been gone much too long

This is where I want to be

So I'm coming home

Coming home

Cuz home is where I belong

Somehow I lost my way

Mistakes I made I have to pay

It hurts to know still today

That I wasted so much time

And after all is said and done

There's more to life than having fun

Ain't no doubt, you're the one

And all I need is you in my life

Chorus

Just to be in your arms is like heaven to me

Your love, your love is all that I need

So I'm coming back home

And I hope you forgive all my wrong

So I'm coming home, coming home

Cuz home is where I belong

Chorus
