Baby, how you been?
Haven't seen you in a while
I don't know where to begin
But it's so good to see you smile

We were together for so long
But at that time it wasn't meant to be
I thought our happy days were gone
I thought that I wanted to be free
But now that I have you here with me

Are we making love or not making love?
I can't see it in your eyes
Like I knew it would, it feels twice as good
And girl, I'm not surprised

You can say that you don't miss me
But girl I know your kisses don't lie
No, they don't lie

Can we possibly start brand new?
And can we both forget the past?
Others have tried and failed
But maybe we can make it last

For is it just this once for old time's sake
For tomorrow be just like yesterday
It's funny about the heart
Somethings can't be erased
But maybe we can find a way

Are we making love or not making love?
I used to see it in your eyes
Like I knew it would, it feels twice as good
It comes as no surprise

You can say that you don't miss me
Girl, you know your kisses don't lie
They don't lie

I think we both know
It's easier love to see

That what we have is pure gold
[Incomprehensible]

Are we making love or not making love?
I can't see it in your eyes
Like I knew it would, it feels twice as good
And girl, I'm not surprised

But you can say that you don't miss me
'Cause girl you know your kisses don't lie
