Heaven  
Heaven oh heaven can't you help me  
i looked in her eyes  
Now she's all i see  
Heaven oh heaven can't you help me

First time i saw you, Girl  
You turned me upside down  
I can't stop thinking about you  
My head's spinning 'round  
I got to find a way  
To get with you somehow

And every minute  
Of every single day  
I'm dreaming of how it could be  
And every nite  
Before i go to sleep  
I'm praying that soon you'll be here with me

Heaven oh heaven can't you help me  
i looked in her eyes  
Now she's all i see  
Heaven oh heaven can't you help me  
I'm down on my knees  
Please help me

Can't fall asleep tonite  
I don't know what to do  
I hold my pillow but i wanna be holding you  
And when i close my eyes  
I always see your face  
I know my happiness is only a kiss away

And every hour  
Here in the dark  
Every beat of my lonely heart  
Tears apart  
I need to feel you  
Heaven oh heaven what can i do

Heaven

Heaven oh heaven can't you help me  
i looked in her eyes  
Now she's all i see  
Heaven oh heaven can't you help me  
I'm down on my knees  
Please help me

Girl i'd give anything  
If you were here with me  
Give anything you want  
And anything you need  
i never thought that i  
Could feel the way i do  
But now i wanna spend the rest of my life with you

And every day  
that we are apart  
I'm saving this IOvE here in my heart  
And every nite  
Before i go to sleep  
I'm praying that soon you'll be here with me

Heaven  
Heaven oh heaven can't you help me  
i looked in her eyes  
Now she's all i see  
Heaven oh heaven can't you help me  
I'm down on my knees

Heaven  
Heaven oh heaven can't you hear me  
I'll give you my love  
For eternity  
Heaven oh heaven can't you help me  
I'm down on my knees  
Please
