No, I didn't
No, I didn't

(Verse)

First thing's first, I'll interject
What's on your mind? You seem upset
It's like I told you, get a hold of yourself
It was good if that's alright
Twas no ordinary night until the dawn

(Pre-Chorus)

But now I see that in hind sight
I really should've held back
I blame it on the moonlight, no doubt
I swear on the star light

(Chorus)

I really didn't mean to turn you out
I really didn't mean to turn you out
I didn't really mean to turn you out
I really didn't mean to turn you out

(Verse)

Now I know it sounds unkind
But let me help slow down your mind
Girl, I assure you this wasn't in my plans
Just guess timing knew us best
But we run out, there's nothing left except this song

(Pre-Chorus)

And now I see that in hind sight
I really should've held back
I blame it on the moonlight, no doubt
I swear on the star light

(Chorus)

I really didn't mean to turn you out
I really didn't mean to turn you out
I really didn't mean to turn you out
I really didn't mean to turn you out
