Mmmmm!

Ohhhhh!

Every time you're giving it up

You leave so unsatisfied

Pointing the finger,

The feelings that linger leave you asking questions why

They talk a real good game

But they don't know what a tongue is for

They wine you and dine you

You let them inside you

It leaves you wanting more

Chorus:

I did my post grad in sociology

So what I tell you might seem strange

The things you don't know about your physiology

You don't have to be ashamed!

Let me show you how your pussy works

Since you didn't bring it to me first

I have lots of things to show you if you're ready to learn

Let me show you how your pussy works

Bet you didn't know that it could squirt

I have lots of things to show you if you're ready to learn!

You got to let him know that it's not going on

If he's not all about you, and gets up without you

You don't need his ass around!

I'm gonna be your new best friend

For those times when you're by yourself

I'm great in the shower, I'm battery powered

You can do it by yourself!

Chorus:

I got my post grad in sociology

So what I tell you might seem strange

The things you don't know about your physiology

You don't have to be ashamed!

Let me show you how your pussy works

Since you didn't bring it to me first

I got lots of things to show you if you're ready to learn

Let me show you how that pussy works

Bet you didn't know that it could squirt

I have lots of things to show you if youâ€™re ready to learn!

Have you ever said oh god I came

More than twice know that, thatâ€™d be insane

We only just began and the best it will come!

It will come!

Chorus: (x2)

Let me show you how your pussy works

Since you didnâ€™t bring it to me first

I have lots of things to show you if youâ€™re ready to learn

Let me show you how your pussy works

Bet you didnâ€™t know that it could squirt

I have lots of things to show you if youâ€™re ready to learn!
