I was so alone  
I was so afraid  
So suddenly you were here  
To make all my darkness disappear  
I asked myself who are you  
And why do you do all the things that you do  
Whenever I fall, you're there  
To show me how much you really care

Chorus:

Baby it was you that, picked me up when I was down  
One look in your eyes, yeah, turned me around  
Now I have you in my arms tonight  
It was you, that saved my life  
And I know, that I know, that I know, know, know, know  
It was you, that saved my life

I was so confused  
I could I feel this way about you, baby ooh  
They say love is so hard to find  
From the very first moment that your lips met mine  
It was you

Chorus:

Baby it was you, yeah, that picked me up when I was  
down  
One look in your eyes, yeah, turned me around  
Now I have you in my arms tonight  
It was you, that saved my life  
And I know, that I know, that I know, that I know, know  
It was you, that saved my

You're with me in every breath I take  
Believe me when I say

Chorus:

Baby it was you, yeah, that picked me up when I was  
down, oh yeah  
One look in your eyes, yeah, turned me around  
Now I have you in my arms tonight  
It was you baby, that saved my life  
Do it again, yeah

You, that saved my life
