I was minding my own business  
Trying to do some thinkin'  
You came up beside me and asked me  
What was I drinkin'  
Moments count to seconds  
Count to minutes count to hours  
Now we're back at my place  
And we were kissin' in the shower ooooh

Put on the clothes on the table (on the table)  
Together agreeing on your name (girl)  
It feels, I'm yours  
Hold up before this triangle's one on one

All I know there's the truth to be told (to be told)  
All that gives isn't always gone (gone)  
See I went down on this roll before  
I just wanna be sure, so can we

(Sips on wine just a little bit)  
(Just a little bit)  
Can we (take a time just a little bit)  
(Just a little bit)  
If it's alright (if it's alright)  
If it's okay (if it's okay)  
(Can we slow down just a little bit)  
Can we (Just relax just a little bit)  
(Just a little bit)  
Can we (Just lay back just a little bit)  
(Just a little bit)  
If it's alright (if it's alright)  
If it's okay (if it's okay)  
(Can we slow down just a little bit) yeah

I just want to make sure that if we do this  
We don't regret it  
Cause if the friction comes to static  
Then we just might as well forget it  
Cause nowadays I attempt to take a good look  
Before I leap in  
Cause I could stay all by myself from through you  
Can't believe it, no

Put on the clothes on the table (on the table)  
Together agreeing in your name  
It feels, I'm yours  
Hold up before this triangle's one on one  
All I know there's the truth to be told  
All that gives isn't always gone (gone)  
See I went down on this roll before  
I just wanna be sure, so can we

(Sips on wine just a little bit)  
(Just a little bit)  
Can we (take a time just a little bit)  
(Just a little bit)  
If it's alright (if it's alright)  
If it's ok (if it's okay)  
(Can we slow down just a little bit)  
Can we (Just relax just a little bit)  
(Just a little bit)  
Can we (Just lay back just a little bit)  
(Just a little bit)  
If it's alright (if it's alright)  
If it's ok (if it's okay)  
(Can we slow down just a little bit) yeah

(Over) don't think that I don't want you  
(Over) and that you don't drive me crazy  
(Over) there's just too many 'what if's  
(Over) there's way too many 'maybe's  
Just one step back take a big breath  
No pressure baby there's no stress  
It feels so good  
And I'm not sayin' we can't do this, but can we

Sips on wine just a little bit  
(Just a little bit)  
Take a time just a little bit  
(Just a little bit)  
If it's alright, if it's okay  
Can we slow down just a little bit  
Just relax just a little bit  
(Just a little bit)  
Just lay back just a little bit  
(Just a little bit)  
If it's alright, if it's okay yeah
