Are you lonely for me?

Sunday night, two weeks past, the last time  
I saw your face, our separate ways  
We decided to go, now I find myself

Sitting down, thinking about everything  
To this place, we've come to  
How you used to be down?

Memories of you and could you be thinking  
'Bout me right now?

Are you lonely for me?  
Are you lonely for me?  
You shouldn't try to hide  
The way you feel inside

Are you lonely for me?  
Are you lonely for me?  
Just let me make it right  
And stay with me tonight

Are you lonely for me?  
Are you lonely for me?  
I won't believe we're through  
Tell me what you wanna do

Are you lonely for me?  
Are you lonely for me?

There's a good in goodbye, that's a lie  
I wish we could go back when we first met  
How to forgive and forget?

I wish that I could have you right here next to me  
You're supposed to be in my arms  
Through stormy weather safe from harm

Can we be down? show me how  
Wish I could hear from you right now

Are you lonely for me?  
Are you lonely for me?  
You shouldn't try to hide  
The way you feel inside

Are you lonely for me?  
Are you lonely for me?  
Just let me make it right  
And stay with me tonight

Are you lonely for me?  
Are you lonely for me?  
I won't believe we're through  
Tell me what you wanna do

Are you lonely for me?  
Are you lonely for me?

Lay it on the line, I won't waste your time  
We can make it work, I know we'll be fine  
Together we will start, never be apart again

Are you lonely for me?  
Are you lonely for me?  
You shouldn't try to hide  
The way you feel inside

Are you lonely for me?  
Are you lonely for me?  
Just let me make it right  
And stay with me tonight

Are you lonely for me?  
Are you lonely for me?  
I won't believe we're through  
Tell me what you wanna do

Are you lonely for me?  
Are you lonely for me?

Are you lonely for me?  
Are you lonely for me?  
You shouldn't try to hide  
The way you feel inside

Are you lonely for me?  
Are you lonely for me?  
Just let me make it right  
And stay with me tonight

Are you lonely for me?

Are you lonely for me?  
I won't believe we're through  
Tell me what you wanna do

Are you lonely for me?  
Are you lonely for me?
