I used to hang out all night
Ladies on the left and on the right
They used to call me Mr. Shady
Down low undercover

I didn't care what I said
As long as they awoke in my bed
I was gonna get it one way or the other

I was just as fast as I could be
Didn't want nobody changing me
I'd go running from lover to lover

You walked into my life right on time
Not a penny short of a dime
But baby, I'm beginning to discover

This must be love
It must be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
It's gotta be love, yeah
'Cause tell me what is love, if this ain't
Tell me what is love, if this ain't love

It's all because of you
I'm doing all the things I would not do
I've come so far I don't think I'll recover

Now everybody in the world can see
That you've become the biggest part of me
And I could never leave you for another

This must be love
It must be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
It's gotta be love, yeah

'Cause tell me what is love, if this ain't
Tell me what is love, if this ain't

Oh, when you come close to me
I know this is the way
That it's supposed to be, yeah

Ever since that day
You came up around my way
You're all that I think of

And I know this must be love

You got me saying things I would not say
On top my things to do today
All I ever want to do is love you

It's like I was blind but now I see
I can't believe the change inside of me
And baby, I'm beginning to discover

This must be love
It must be love
'Cause tell me what is love
If this ain't love

This must be love
It's gotta be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
It must be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
It's gotta be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
It must be love
'Cause tell me what is love
If this ain't love

This must be love
It's gotta be love, yeah
'Cause tell me what is love
If this ain't love

This must be love
