[Verse 1:]

Never dropped a dime
Never played to lose
It's not really a lie _ if you're telling half the truth
All the other girls, was just to pass the time
Til you let me get next to you (til you let me get next to
you)
Til you let me get next to you (til you let me get next to
you)

Never had a dream that ever came true
Never met a girl who was anything like you
Til I hear
I'm a hold my breathe til you let me get next to you

[Chorus:]

What do you say
Could you feel the same way, about me
Can't you see...
All I want is you. all I need is you

[Verse 2:]

Never had much luck, mistakes I made a few
But I feel my luck has change, if you tell me what to do
I'm not would you'd you expect, if I come to bed
Would you let me get next to you
Would you let me get next to you

You stay on my mind, ever constantly
I won't show the best until you give you to me
I hunger for your touch, I could never get enuff
If you let me get next to you
If you let me get next to you
