Verse 1

never dropped a dime
never played to lose
its not really a lie _ if yu're telling half the truth
all the other girls, was just to pass the time
til yu let me get next to you (til you let me get next to
you)
til yu let me get next to you (til you let me get next to
you)

never had a dream that ever came true
never met a girl who was anything like you
til i hear
ima hold my breathe til you let me get next to you

Chorus:

what do yu say
could yu feel the same way, about me
cant you see..

all i want is you. all i need is you

Verse 2:

never had much luck, mistakes i made a few
but i feel my luck has change, if yu tell me what to do
im not would you'd yu expect, if i come to bed
would yu let me get next to you
would yu let me get next to you

you stay on my mind, ever constantly
i wont show the best until you give you to me
i hunger for your touch, i could never get enuff
if you let me get next to you
if you let me get next to you
