Chorus:

Night people, hangin' out
Lookin' at each other
Waitin' for something to happen
Night people, hangin' out
Lookin' at each other
Waitin' for something to happen

While the day world is sleeping
Night people are creepin', hangin' out
Lookin' at each other
When the day world stops moving
Night people start groovin', hangin' out
Lookin' for something to happen
While the day world are hanging'
Night people start swanging, hangin' out
Lookin' for something to happen

Night people, hangin' out
Lookin' at each other
Waitin' for something to happen

Can't have one kind, but not the other
Got to keep the world alive
If everybody went to sleep at the same time
Everynight the world would die

Night people, hangin' out
Lookin' at each other
Waitin' for something to happen

Can't have one kind, but not the other
Got to keep the world alive
If everybody went to sleep at the same time
Everynight the world would die

Gotta see who's with you
Who's with me
Who's with who, hangin' out
Lookin' at each other
Gotta see what ya wearing
What ya got

What ya sharing, hangin' out
Waiting for something to happen
Gotta see who's with you
Who's with me
Who's with who, hangin' out
Lookin' at each other
Once the day world goes blind
Night people doin' fine, hangin' out
Lookin' for something to happen
When the day bees stop humming
Night people start coming, hangin' out
Lookin' at each other
Chorus out
