*[verse]*

The bed gives  
Cupboard might break underneath you  
Hard as I try  
The table might shake  
Could break a leg when I do what I do  
I'm all about mine

*[chorus]*

Consider the love we made  
When pleasure can be found  
In and all around  
The right place is on the floor  
Why don't we get down on the floor  
I won't leave you wanting for more  
If we get down on the floor  
On the floor

*[verse]*

Comfortable spot  
When I get you hot  
A place to lay your head  
Was it Socrates who said  
Good to the last drop, lady  
Ooh, you're so sweet  
From your head to your feet  
Face is turning red

Now my appetite's there

*[chorus]*

Consider the love we made  
When pleasure can be found  
In and all around  
The right place is on the floor  
Why don't we get down on the floor  
I won't leave you wanting for more  
If we get down on the floor  
On the floor

*[bridge]*

When you're satisfied

That's when I'll give you more  
It's gonna rain, let it pour  
And if you're gonna stay  
And you're willing to play  
It's time that we openly, honestly  
Get on the floor

*[ending section]*

On the floor  
On the floor  
On the floor  
Floor, on the floor

*[repeat and fade]*
