Baby, tomorrow I'm ma have to fight
Leaving at first light and all I can think of is you
Baby, I can hear you tryin' not to cry
I'm m afraid and I ain't gonna lie, I gotta
do what I've been trained to do

I'm a little tired but I'm doin' fine
I got my brothers back and he's watching mine
Just keep praying that we'll all make it through

I fight for what's right and I fight for what is
true
Mostly I'm fighting to get back to you
We don't see black, we don't see
white, we don't see what we have to do
All we see is red, white and blue, fighting for our red,
white and blue

Baby, how's our little baby girl?
Does she know her daddy's half way 'round the
world?
Tell her she is my heart
Well, I've only seen her in a photograph,
don't know whether to cry or laugh
While I'm out here in the dark

I get so damn tired but I'm doin' fine
Got my brothers back and he's watchin' mine
Just keep prayin' that we'll all make it through

I fight for what's right and I fight for what is
true
Mostly I'm fighting to get back to you
We don't see black, we don't see
white, we don't see what we have to do
All we see is red, white and blue, fighting for our red,
white and blue

I don't know the reasons why
Sometimes at night I just sit and cry
It's hard for me to tell you what I'm
goin' through

What I'm goin', goin' through

When all we have is this telephone

On my telephone

I don't know when I'll be comin' home

I just need you to keep praying that I do

I fight for what's right and I fight for what is true

Mostly I'm fighting to get back to you

We don't see black, we don't see

white, we don't see what we have to do

All we see is red, white and blue, all we see is red,

white and blue

Fighting for our red, white and blue
