Baby, tomorrow I'ma have to fight  
Leaving at first light and all I can think of is you  
Baby, I can hear you tryin' not to cry  
I'm afraid and I ain't gonna lie, I gotta do what I've  
been trained to do

I'm a little tired but I'm doin' fine  
I got my brothers back and he's watching mine  
Just keep praying that we'll all make it through

I fight for what's right and I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black, we don't see white, we don't see  
what we have to do  
All we see is red, white and blue, fighting for our red,  
white and blue

Baby, how's our little baby girl?  
Does she know her daddy's half way 'round the world?  
Tell her she is my heart  
Well, I've only seen her in a photograph, don't know  
whether to cry or laugh  
While I'm out here in the dark

I get so damn tired but I'm doin' fine  
Got my brothers back and he's watchin' mine  
Just keep prayin' that we'll all make it through

I fight for what's right and I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black, we don't see white, we don't see  
what we have to do  
All we see is red, white and blue, fighting for our red,  
white and blue

I don't know the reasons why  
Sometimes at night I just sit and cry  
It's hard for me to tell you what I'm goin' through  
What I'm goin', goin' through

When all we have is this telephone  
On my telephone

I Don't know when I'll be comin' home  
I just need you to keep praying that I do

I fight for what's right and I fight for what is true  
Mostly I'm fighting to get back to you  
We don't see black, we don't see white, we don't see  
what we have to do  
All we see is red, white and blue, all we see is red,  
white and blue  
Fighting for our red, white and blue
