I remembered the day when we first met
We both got caught in the rain
And we were soakin' wet
I looked in your eyes
You gave me a smile
You told me your name

You told me about your career
I told you about my hopes
My dreams, my fears
We had some laughs
One month has past
Tonight can't you stay
Can we stay?

Now that the time is feelin' just right
Candles burnin' turnin' out the lights
Anticipate the feelin' of your skin
Shall we begin?

Hit repeat and let the music play
Until the night turns into day
Open up your heart and let me in
Shall we begin?

Over time we've gotten closer than close
You're the one I wanna be with the most
Neither one of us was in a rush
Agreeing to wait, to wait

Now, I feel my patience runnin' thin
Anticipating when you tell me when
The time is now
Tell me you'll stay

Now that the time is feeling just right
Candles burnin' turnin' out the lights
Anticipate the feelin' of your skin
Shall we begin?

Hit repeat and let the music play
Until the night turns into day

Open up your heart and let me in
Shall we begin?

We're gonna take our time
Don't hesitate to come inside
Relax your mind
Everything is alright
Candlelight and you
Just pour the wine
We're gonna take it nice and slow
Auto pilot steady
Not in a hurry, no
Until I hear you say
That you're so glad
You stayed

Now that the time is feeling just right
Candles burnin' turning out the lights
Anticipate the feelin' of your skin
Shall we begin?

Hit repeat and let the music play
Until the night turns into day
Open up your heart and let me in
Shall we begin?

Now that the time is feeling just right
Candles burnin' turning out the light
Anticipate the feelin' of your skin
Shall we begin?

Hit repeat and let the music play
Until the night turns into day
Open up your heart and let me in
Shall we begin?
