[Verse 1:]

Got your re-tweet, got on your timeline
Saw your red on rick in your profile pic
And I liked, started cyber-lurking and a little flirting all
night
So I followed you, and you followed me
Did some conversatin' with no punctuations
Saw your Instagram, you got that big stitch
Let me show you what I wanna see

[Chorus:]

Can I see you from the front?
From the back?
From the side?
Eyes, lips and thighs
Elbows and knees
Baby, please show me the stuff
Can I see you standing up?
Sitting down?
Lying back?
Show me how you're stacked
Can I see you from the front?
From the back?
From the side? Girl

[Verse 2:]

You're showing off your lipstick, your side view
Making all of this wind and I need 3D girl
Let me touch and you're my fantasy
I want you all for me
And the 3 girlfriends that you took a picture with last
week
I know you like that
The way I like that
DM your name and let me Skype that
Just let me know, baby we can grow together
I wanna see you rolling in my leather

[Chorus: x3]

Can I see you from the front?
From the back?

From the side?
Eyes, lips and thighs
Elbows and knees
Baby, please show me the stuff
Can I see you standing up?
Sitting down?
Lying back?
Show me how you're stacked
Can I see you from the front?
From the back?
From the side? Girl
