"To You"

For once, in my life
I finally found what I was looking to find
When I first, saw your eyes
I saw right through your heart
And climbed into your mind
I never thought I would ever have the thing
I believe other lover do
Now I do

Chorus:
Baby with you
All my life I've been waiting for you
And there ain't no mistaken it's true
I've been saving forever for you
Girl my only desire is you
Baby I'm so on fire for you
It's not hard to believe, I love you

There's no war, I can't fight
There's no river to wide
There's no mountain to high
With you, by my side
From the moment I wake up, till deep in the night
I never thought I would ever have the thing
I believe other lovers do
But now I do

Chorus

Oh, I said it couldn't be done
We played one on one
And that's when I saw your hang time
Oh baby you came to play
And then I traded away
My heart for you
