You can call me day and night, night and day
Girl, you're all that I want
I need you up around my way
We go together like a potter and clay
Girl, you're all that I want
I need you up around my way

Michael Angelo would faint
Rembrandt would cry
To stand in line for a lock of your hair
I'd fly around around the world
Just to be close to you
Anytime, anyplace, anywhere

Now looking in your eyes
I see the real reason
Why stars like to fall from the sky
You're all I ever think of
That's why, I gotta let you know
How you blow my mind
You're just my type, just my kind

You can call me day and night, night and day
Girl, you're all that I want
I need you up around my way
We go together like a potter and clay
Girl, you're all that I want
I need you up around my way

You can call me day and night, night and day
Girl, you're all that I want
I need you up around my way
We go together like a potter and clay
Girl, you're all that I want
I need you up around my way

Just tell me what I should do
Tell me what I should say
Rub me, I'm your Genie
Your wish is my command right away
Can we talk about it?
Lady, can we get together?

I'm free, I'm free, yeah

Left of the sun
Right of the moon
You're hotter than the Fourth Of July
Ah ooh
One taste of your sweet sweet lips
Will have me doing cartwheels and flips
Kinda shy to say that I'm sweating you
Judging by the smile on your face
Says I'm getting through
You no rush, come will the day
You come around my way
Come on

You can call me day and night, night and day
Girl, you're all that I want
I need you up around my way
We go together like a potter and clay
Girl, you're all that I want
I need you up around my way

Up around my way
Up around my way
Up around my way

You can call me day and night, night and day
Girl, you're all that I want
I need you up around my way
We go together like a potter and clay
Girl, you're all that I want
I need you up around my way
