Mmm, Yeah, Yeah

Look in my eyes, take a good look
Tell me what you see
Because of you, I'm only a fraction
Of the man I used to be

I didn't want to fall in love
I didn't really have the time
I didn't want to let you in my life
I wanted to run and hide

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for
What I been waiting for, hmm

The smile on my face
Says I'm exactly at the place that I want to be
Girl, you're like my fire
You're my one and only desire
You can have everything that you want from me

I didn't want to fall in love
I didn't really have the time
I didn't want to let you in my life
I wanted to run and hide

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

Baby I'm going through it
I really don't know what you did
But I'm glad you did it
I never thought I would feel this way

But I'm so with it
All things are possible
And we're gonna fall together

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

Now I don't want to live without you
Can't be without you
Ever since I let you in the door
Girl, I don't want to sleep without you
Can't breathe without you
I think I found what I've been waiting for

I know what I've been waiting for, and it's you
I know what I've been waiting for, ooh
